Nonetheless we are also preparing now for the next "round" of the "Turkel" Commission (the Public Commission to Examine the Maritime Incident of 31.5.10, chaired by the retired Supreme Court Judge Jacob Turkel), which will deal with an issue that is very relevant to the Paper (investigation policy in regard to allegations of violations of LOAC).

I am attaching a draft translation of the paper I submitted to the commission (one warning remark - it was made by a non-legal translator the commission uses and we are now working on modifying it). I waited for the translation before I replied to your mail - sorry for the delay.  
I hope you find it interesting and useful - I will send you the final English version as well.

In case you didn't get a chance to go over the recently published report by the Commission concerning the flotilla, I added the link to the committee's webpage:

<http://www.turkel-committee.gov.il/index.html>

<http://www.turkel-committee.gov.il/content-107.html> (the first report)

I really do appreciate your help and concern!

All the best,

B6

I am certain that the GOI hope is that Turkel II will obviate the need for the White Paper. As I indicated to [Redacted] this is simply not the case. Recommend that you continue to drive this point home.

[Redacted] also let us know that part II of Turkel can be expected to be completed in the "second half of the year." He also mentioned that [Redacted] had to step down due to previous engagements and an Australian was assigned, but didn't say who. I am looking for the info, but it is not yet posted on the Turkel Committee website.
