Randi and I just spoke to (b)(6) (b)(7)(C) regarding the exchange with the (b)(6)... and (b)(6)... and we decided that questions regarding policy were best answered by the PMO.

Under our current infrastructure it is technically possible for a SC participating site (ORI) to be deactivated from the search of IDENT (although no participating site has officially requested to do so). However, long term involvement and policy concerns are better directed toward the ICE Secure Communities Program Office, whom I've copied on this email. Please let me know if you have additional

questions. I understand CO is technically ready to receive the additional responses and we're looking forward to CO participation in this Program.

I hope everyone had a great weekend?

Secure Communities:

Deputy Director (b)(6) (b)(7)(C) late Friday after reviewing (b)(6) (b)(7)(C)'s last email (from Friday, August 20th), asked that I follow-up with FBI CJIS and determine for a fact, whether an agency participating in Secure Communities (SC) has the ability to opt out? Specifically, if an agency participates in SC and the SIB submits that agency's fingerprints to CJIS who then sends them to DHS ICE (per MOA), can that same agency (specific ORI) advise the SIB who then advises FBI CJIS that particular ORI no longer want to participate in SC, therefore, cease transmitting that ORI's submissions to DHS ICE?

The Deputy Director has meetings with the Governor's staff today and has asked that I obtain from FBI CJIS a definitive answer in this regard to report an answer in this regard.

I am scheduled to be at my desk all day. Please feel free to call or email me any questions.

Email response: Within 24-hours / Voice response: Within 8-hours
